*Helping people and their pets... one paw at a time*

Pets bring unconditional love into our lives

**Do you realize thousands of companion animals are surrendered to shelters and ultimately euthanized each year simply because their caregivers became ill, entered a nursing facility or passed away. The Biscuit Foundation offers alternatives to prevent pets in these circumstances from ending up in an already over crowded shelter situation.**

**Please pre arrange for the care of your pets should anything happen to you.**

**Please take a moment to read this story to what could happen to your pet without you...**
